Sir:

Certificate
JUN 0 6 2005

of Correction

CERTIFICATE OF CORRECTION UNDER 35 USC 254

We are in receipt of the above-noted issued Letters Patent. Pursuant to 37 C.F.R. § 1.322.

Further to my telephone conversation with Mr. Curtis Odom on December 23, 2004, we respectfully request entry of the enclosed Certificate of Correction under 35 USC 254 in order to amend original Claim 78.

The proposed amendments to Claim 78 were agreed upon by way of telephone interview with Mr. Odom on October 4, 2004. In particular, the words "derived clock signal" were to be replaced with "recovered clock signal".

Unfortunately, this amendment was inadvertently omitted in the Examiner's Amendment which accompanied the Notice of Allowance.

As the error necessitating this Certificate of Correction originated in the Office, no fees are payable.

Respectfully submitted James Moser et al.
